Declaration regarding Sepura STP8X040 and STP8X140

FCC certification number: XX6STP8X
Company: SEPURA plc
Product: STP8X040 & STP8X140

We, Sepura plc do declare that the only differences between our Tetra portable type numbers STP8X040 and STP8X140 is the fitment of a different keypad PCB with much reduced tracking on the STP8X140 version, key-mat and key-mat bezel. Apart from these changes the products are identical in all other mechanical respects and are identical in all electrical and RF aspects.

Therefore any Test Reports covering the STP8X040 to FCC specifications are also applicable to the STP8X140 as there are no differences to the RF circuitry or RF screening between the two products.

We further declare that both products are manufactured from the same basic Bill of Materials, contain the same software and firmware and follow identical Quality and Manufacturing Processes.

Sincerely,

Company Officer: Steve Wood
