SafeSea EPIRB3 Pro, rescueME EPIRB3 - Statement of Product Similarities and Differences

The SafeSea EPIRB3 Pro and rescueME EPIRB3 Cospas-Sarsat Emergency Position Indicating Radio Beacons have the following similarities and differences:

- The EPIRB3 Pro and EPIRB3 are virtually identical in appearance and share common identical electronics. Electrically they are identical.
- The EPIRB3 Pro differs in not having a rewindable antenna mechanism, having a fixed antenna instead.
- The EPIRB3 Pro is designed for float-free operation utilising a supplied ARH1 Auto Release Housing.
- The EPIRB3 is supplied with a manual release bracket for carry-off use only.
