Subject: Extended Frequencies Justification FCC ID XYH-RPX6500VA

Dear Sir/ Madam,

RCA Communications Systems would like to submit the following justification to show the frequency range as 150 – 174 MHz on the Grant of Equipment Authorization for the XYH-RPX6500VA equipment.

The XYH-RPX6500VA was designed to operate in the frequency band 150.0-174.0 MHz.

To aid equipment authorization in other countries that accept the United States FCC Grant of Certification, this will serve as a request that the FCC list the frequencies of 150.0-174.0 MHz under the FCC Rules Part 90 and Part 22 as listed in the table below & the 731 form on the FCC Grant.

Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it is a violation of the FCC Rules if this device operates on unauthorized frequencies. Additionally, it will be used in other countries that accept the FCC Grant of Equipment Authorization. These services account for a majority of users as described in the below table.

FREQUENCY RANGE (MHz)	Rule Part	Non-Federal	ITU Region
150-150.08		X	1, 2, 3
150.8-156.2475	90		
156.2475-157.1875		X	1, 2, 3
157.1875-157.45	90		
157.45-161.575	22, 90		
161.575-161.775	22		1, 2, 3
161.775-161.9625	90		
161.9625-162.0375		X	1, 2, 3
162.0375-174.0	90		

Equipment programming is the responsibility of Authorized Service Personnel only. In addition, the radio complies with 47 CFR Part 90.203(e) in that the operator cannot directly program the transmit frequencies using the normally accessible external controls.

Sincerely,

A handwritten signature in black ink, appearing to read "Veronica Garcia", written in a cursive style.

Veronica Garcia
