Overview

This application is for an FCC 15.247, Zigbee compliant device, FCC ID Y38TE4010, Model TE4010. The device is designed as an outlet retrofit and is used, in conjunction with a USB receiver and a computer, to enable remote switching of appliances and to monitor power usage.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
