Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, Maryland 21046

To whom it may concern,

FCC ID: Y38TE5010

The enclosed application is for original certification that the ThinkEco Wi-Fi Modlet BN, models TE5010, TE5011, TE5012, TE5013 are compliant with Part 15.247 of the FCC Rules. The ThinkEco Wi-Fi Modlet BN is an energy-saving outlet retrofit which allows for remote switching of everyday appliances and measures their power usage. The Wi-Fi Modlet BN works in tandem with a Wi-Fi enabled device or ThinkEco Zigbee based remote thermostat equipped with the ThinkEco Software. Wi-Fi Modlet BN communicates over the Wi-Fi with any WiFi enabled PC/Smart Phone and over the Zigbee with any ThinkEco Zigbee remote thermostat in range to complete ThinkEco modlet system.

The certification is intended for the Zigbee - Modlet combination, and the modletBN also contain a certified WiFi radio, FCC: YOPGS1011MEPS

Enclosed, please find the necessary technical documents for certification.

Thank you,

Peter Mayer
VP R&D
