RE: FCC: Y3J-DCHBTXX

To Whom It May Concern:

David Clark Company Inc., hereby declares that the Bluetooth Headset, Model/s Number HBT-XX submitted as FCC ID: Y3J-DCHBTXX meets the following FCC requirements of CRF Title 47 Part 15.247(a) (1):

- The hopping sequence is pseudorandom.
- All channels are used equally on average.
- The receiver input bandwidth approximately equals the transmit bandwidth.
- The receiver hop is in sequence with the transmit signal.

Furthermore, it also meets FCC requirement of Section 15.247(h):

The system does not coordinate its channel selection/hopping sequence with other frequency hopping systems for the express purpose of avoiding the simultaneous occupancy of individual hopping frequencies by multiple transmitters.

Sincerely:

A handwritten signature in black ink, appearing to read 'David J. Truesdell', written in a cursive style.
