To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We are requesting that the internal photographs be permanently withheld from public view.

The internal photographs were required to be submitted with this application. This device is not a consumer product and is only serviceable by the Grantee or a sub-contractor with a non-disclosure agreement. The internal photographs reveal information that cannot get into the possession of our competition for a period of 3 years from now as they indicate the features that will be offered in the future and reveal proprietary information on how to meet particular technical requirements.

Please contact me if there is any information you may need.

Sincerely,

Don Sloan
