Attention: Application Examiner

Re: Request for confidentiality

Applicant: ASSA ABLOY AB

FCC ID: Y88-AH20R01

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by ASSA ABLOY AB to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block diagrams
- Detailed Operational/Functional Description
- Parts list
- User manual

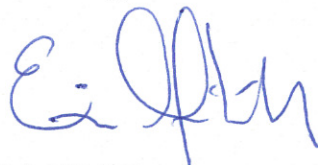

Rationale for request for confidentiality

ASSA ABLOY AB has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would give them significant competitive advantages in developing similar products.

ASSA ABLOY AB asks that the User manual be kept permanently confidential since the product should only be installed by professional installers and not by the general public. Publishing the manual would likely lead unqualified persons to attempt installation and manipulation of installed systems.

If you have questions or need further information, please contact the undersigned.

Sincerely,

Eric Michélsen
