

# ASSA ABLOY

Attention: Application Examiner

Re: Cover Letter

Applicant: ASSA ABLOY AB

FCC ID: Y88-AH20R03

To whom it may Concern,

## **Cover Letter / Agency Letter**

We, ASSA ABLOY, hereby authorize Nemko A/S, Instituttveien 6, N-2007 Kjeller, Norway, to act as agent in the preparation of this application, FCC ID: Y88-AH20R03 for equipment authorization to the Federal Communications Commission.

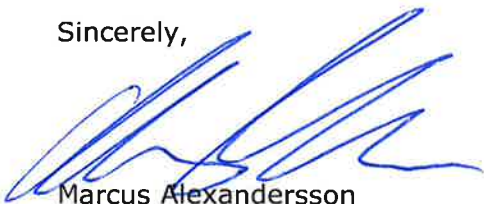

I certify that submitted exhibits properly describe the devices with FCC ID: Y88-AH20R03.

This application concerns a request for radio certification model: AH20 and AH30.

The differences between model AH20 and AH30 are:

AH20 has four relays and an extra connector interfacing the terminals of each relay. Each relay has one input (COM) and two outputs (normal closed normal open). Apart from this both models are identical, including radio design. In model AH30 the extra connector and relays are not mounted.

Sincerely,

Marcus Alexandersson
