Attn: Director of Certification:

**FCC Model Differences Letter.**

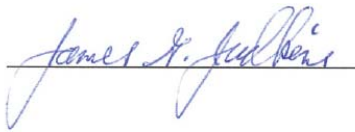

Spinal Modulation, Inc. products:

MN0100	Trial Neurostimulator (TNS)
MN0200	Implantable Neurostimulator (INS)
MN0600	Patient Programmer (Note: same bill of materials as MN0700)
MN0700	Clinical Programmer

Three products were tested at Nemko, San Diego; MN0100, MN0200, and MN0700. The MN0600 Patient Programmer is electrically and mechanically identical, using the same bill of materials as the MN0700. The MN0600 difference is the User Interface software with limited neurostimulation control features.

FCC Grantee Code: Y8L

<u>FCC ID numbers</u>	<u>SMI Model Numbers</u>	<u>Description</u>
