

Dejero Labs Inc.
410 Albert Street, Suite 200
Waterloo, ON, Canada N2L 3V3

FCC ID: Y99DEJ12G

There are two models of the Host available. The only difference is the SDI input. The model EnGo 265 (EG265) has the SDI input available and the model EnGo 263 (EG263) does not have it available.

All the RF circuitry is identical, and the only difference is the Video input.
