

## Modular Approval Letter

Date: February 23, 2011

Product name: FCC ID YAKBM08 is seeking FCC authorization as a modular transmitter. The EUT meets the requirement for modular approval as detailed in FCC section 15.212. Compliance to each of the requirements is described below

1. The modular transmitter has its own RF shielding.
2. The modular transmitter has no modulation/data inputs. Please see schematics of the module for example.
3. The modular transmitter must have its own power supply regulator. Please see schematics, the EUT has its own voltage regulation circuitry.
4. The modular transmitter complies with the antenna requirements of FCC sections 15.203 and 15.204 (c)
5. The modular transmitter has been tested in a stand-alone configuration
6. The Modular transmitter must be labelled with its own FCC ID number. The EUT is labelled with its own FCC ID number  
**Instructions regarding the labeling of the end host product is included in the manual.**
7. The modular transmitter is compliant with all applicable FCC rules
8. The modular transmitter must comply with any applicable RF exposure requirements. The EUT fully complies with RF exposure requirements.

Sincerely,

Michael Wren  
RF Engineering Manager
