RE: Request for Confidentiality
Applicant: Interspiro AB
FCC ID: YDFSCMBT34320

To Whom It May Concern:

Permanent Confidentiality

Request is hereby submitted by Interspiro AB to withhold permanently from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- **Schematics**
- **Detailed Block Diagrams**
- **Detailed Operational/Functional Description**
- **Parts list**

NOTE: Requires additional justification such as:

- (1) Circuit board covered with epoxy. Show photo with and without epoxy.
- (2) Device is not sold to end user.
- (3) Non-consumer device inaccessible to general public, such as a device mounted on top of a large tower or in a fenced or locked location that is only serviceable by the licensee or designated technicians.
- (4) Note that the FCC now requires a signed copy of a Non-Disclosure Agreement (NDA) between the grantee and the purchaser that lists the confidential item and describes the reason confidentiality is requested.

NOTE: Scanning receiving internal photos are always held permanently confidential.

NOTE: Only with added justification, such as professional installation and the manual is very technical and is not provided to the consumer since the consumer cannot service the device.

Rationale for request for confidentiality:

Interspiro AB has invested considerable time and materials in research and development to produce the referenced product. Permanent confidentiality: Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification. If you have questions or need further information, please contact the undersigned.

Sincerely,

Roland Tschöp
