2	The FCC identifier is visible at the time of purchase. The FCC ID on the box, or additional documentation directing the user where to find the FCC label, also satisfies this requirement;	Instruction to user where to find the FCC label is properly addressed in the User Manual.
3	The user accessible area must not require any special tools for access, and the FCC label must not be placed on a removable part;	It's on the removable battery compartment, the compartment is not removable; the battery could be easily and normally removed without any special tools so FCC ID Label could be easily assessed.
