

Request for Class II Permissive Change

FCC ID: YE3600D

Date: 2019/11/01

To: Federal Communication Commission

Equipment Authorization Branch

7435 Oakland Mills Road

Columbia, MID 21046

Please be notified that we, the undersigned, (DT Research, Inc.) declare that the reasons for this Class II permissive change are as below:

--RF module used in this portable device requires SAR testing compliance of which is not performed and demonstrated in Modular approval.

-- Host product also contains a Sierra WCDMA+LTE Module which has been authorized under FCC ID: N7NEM7455 dated on 7/28/2015. SAR testing is required to evaluate simultaneous transmission of both modules.

--Hardware and software info remain unchanged from original Modular Approval filing except that we reduced external ANT gain and reduced output RF power via software of Module FCC ID: YE3600D.

-- --Hardware and software info remain unchanged from original Modular Approval filing for Module FCC ID: N7NEM7455.

Respectfully,

Print Name: Kiki Tang
