

Operating Instructions

1. Unify Cradle and FM transmitter.

2. Install AC-3100 on a windshield or dashboard.

The smart pad design on the bottom of sucker allows you to fix cradle on dashboard tightly.

3. Press and hold "PRESS" button to adjust direction.

4. Plug iPhone / iPod cable into iPhone / iPod's dock connector and you are able to charge your iPhone / iPod through mini USB Car Charger if necessary.

5. Position the channel switch to match the FM channel on your car radio.

6. Charge, cradle and enjoy your iPhone/iPod music while driving.

Key Features

- Universal holder, charger and FM Transmitter
- Charge and play simultaneously
- 4 channel selection for better audio quality transmission.
- Offer Mini USB Car Charger as accessory to charge your iPhone/iPod.
- Swiveling joint lets you adjust the viewing angle of iPhone/iPod quickly and easily in any direction.
- Special sucker design is suitable for windshield / dashboard and middle console.
- Soft holder grips and backing that will not scratch your device.

■ THE MANUFACTURER IS NOT RESPONSIBLE FOR ANY RADIO OR TV INTERFERENCE CAUSED BY UNAUTHORIZED MODIFICATIONS TO THIS EQUIPMENT. SUCH MODIFICATIONS COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.

■ Don't leave FM transmitter in your car in a hot sunny weather.

■ To keep same tacky power, please clean the smart pad with water when contaminated.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio / TV technician for help.

Specifications

Model Color	Black
FM Channel	88.3 / 88.5 / 88.7 / 88.9 MHz
Temperature	Operation: 0°C ~ 50°C Storage: -20°C ~ 80°C
Input Voltage	DC 12V / 24V
Power Input	Provided by iPhone / iPod (No batteries required)
Mini USB car charger output	DC 5V
Mini USB car charger input	DC 12V / 24V
Charged current output	800mA
Net Weight	163g
Device Dimensions	18.5 X 10 X 8 cm (accessories are not included)
Accessories	Mini USB car charger w/cable
