

Declaration of Product Modifications

This is to request a Class II permissive change for **FCC ID: YG7ZRF31100**, originally granted on **10/11/2010**.

The major change filed under this application is:

- Add the frequency band from 5250-5350MHz and 5470 – 5725MHz by software.
- All other hardware are identical with original granted.
- This device is only arranged in pairs with the master device whose FCCID is YG7ZRF32100.

Sincerely,

Ms Eva Hsiao / Manager
