RE: Permissive Change

To Whom It May Concern,

The intent of this letter is to request a Class II Permissive Change for Stanley Black and Decker for the radio module **FCC ID: YJ7-N457147J**. Stanley Black and Decker is making the request due to two new host products using the previously approved Limited Modular Radio.

The module identified was originally certified under **FCC ID: YJ7-N457147J** on July 24th, 2017. Stanley Black and Decker would like to add the following host models DCF896 and DCF896H to the existing certification.

If there are any concerns regarding the Permissive Change please feel free to contact us.

Sincerely,

By: _____
