

22 November, 2011

Timco Engineering
849 N.W. State Road 45
PO Box 370
Newberry, FL 32669

FCC ID: YJV-CHG400
Product Name: MIC-WRL-CHG-400

Letter of Attestation

The CHG400 is always professionally installed in law-enforcement vehicles by trained installers employed by WatchGuard Video. WatchGuard Video has complete control over the installation procedure and training of the installers. It is for this reason that we feel that compliance with the intent of CFR 47 15.203 can be met although the device has a standard SMA antenna port connector.

Dated this 22nd *Day of* November 20 11
