To Whom It May Concern:

The following application is submitted on behalf of our client, L-3 Communications CyTerra Corporation, for evaluation of their model HF-A11-SMT-0 for certification under FCC Part 15.247.

The HF-A11-SMT-0 is a WLAN transceiver module configured to operate in the IEEE 802.11g mode. The module was evaluated when integrated within the Range-R 2D Link host device.

The HF-A11-SMT-0 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.
