

Request for Supersede

TO: Federal Communication Commission

Please kindly be notified that we, China Hualu Group Co., Ltd
herein request to supersede Test Report & MPE Report on the FCC
website of FCC ID: YLZ-U15A for the following reason:

1. Made a mistake on the nominal gain.

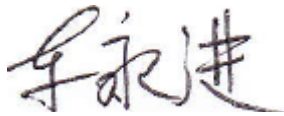

The correct gain of the PCB antenna is 2.0dBi but not 1.0dBi (based on we just found the typo in the report).

There's no software / hardware change in design, circuitry and construction except for nominal gain value correction.

Please kindly permit it.

Thank you.

Sincerely,

Name / Title: Che YongJin
