DECLARATION OF CONFORMITY

FCC application: YMY-030860
IC application: 9157A-030860

There are two electrically identical variants of the equipment under test (EUT).

Both variants of the EUT comprise of the identical electronic and antenna but is different regarding the mechanical enclosure. The first variant shows a plastic enclosure, the second variant shows additionally a mechanical leaf spring molded into the plastic enclosure. See pictures below.

If there are any questions regarding the application or testing performed, please contact us at the address above.

Sincerely,

Christian Markert, Alligator Ventilfabrik GmbH
