Applicant/Grantee Queclink Wireless Solutions Co.,Ltd FCC ID: YQD-QLC300NA						
	Section 15,212 Modular Transmitters					
Request		uest for Limited Modular Approval				
	Requirements	EUT Conditions	Comply (Y/N)			
		Approval Requirements				
1	The radio elements of the modular	The radio portion of this module is				
	transmitter must have their own	shielded, please see exhibition external				
	shielding. The physical crystal and tuning capacitors may be located	photos.				
	external to the shielded radio elements.					
2	The modular transmitter must have	The module has buffer modulation/data	Yabaa gibabata a			
_	buffered modulation/data inputs (if such	inputs.				
	inputs are provided) to ensure that the					
	module will comply with Part 15					
	requirements under conditions of					
	excessive data rates or over-modulation.	n er process pretins om state en en process som en				
3	The modular transmitter must have its	The module has its own power supply	Y			
	own power supply regulation.	regulation. Please see the schem.pdf				
4	The modular transmitter must comply	The requirements of antenna connector				
	with the antenna and transmission	and spurious emission have been				
	system requirements of Sections 15.203, 15.204(b) and 15.204(c). The antenna	fulfilled. Please refer to the Test Report exhibition.				
	must either be permanently attached or					
	employ a "unique" antenna coupler (at	em en mande le la disease de la parte de sistema en en la color de esta de la lactica de la color de la color d La color de la				
	all connections between the module and					
	the antenna, including the cable). The	er det bestellt de statet i de skriver de de Statet de				
	"professional installation" provision of					
	Section 15.203 is not applicable to					
	modules but can apply to limited					
	modular approvals under paragraph (b)					
	of this section.					
5	The modular transmitter must be tested	Please refer to the Setup Photo				
	in a stand-alone configuration, <i>i.e.</i> , the module must not be inside another	exhibition for the stand-alone test				
	device during testing for compliance	configuration.				
	with Part 15 requirements. Unless the					
	transmitter module will be battery					
	powered, it must comply with the AC					
	line conducted requirements found in					
	Section 15.207. AC or DC power lines					
	and data input/output lines connected to					
	the module must not contain ferrites,					
	unless they will be marketed with the					
	module (see Section 15.27(a)). The					
	length of these lines shall be the length typical of actual use or, if that length is					
	unknown, at least 10 centimeters to					
İ	insure that there is no coupling between					
	the case of the module and supporting		Control of the Contro			
	me case of the module and supporting	<u>Parant arrestativas arresteriores april de la departamente da (que per se estres en regimente).</u>

	equipment. Any accessories, peripherals,	A CAMBAN AND A CAM	eriji Kiri varalayin akt.
	or support equipment connected to the		
	module during testing shall be		
	unmodified and commercially available		
	(see Section 15.31(i)).		CONTRACTOR OF THE STATE OF THE
6	The modular transmitter must be	The Module will be labeled with its own	\mathbf{Y}_{i}
	equipped with either a permanently	FCC ID, and the instruction on the	the result of the second of th
	affixed label or must be capable of	labeling rule of the end product has been	
	electronically displaying its FCC	stated in the User Manual of this	The state of the s
	identification number.	module. Please refer to the Label and	
	(A) If using a permanently affixed label, the	User Manual exhibition.	
	modular transmitter must be labeled with its own		
	FCC identification number, and, if the FCC		Arte
	identification number is not visible when the module is installed inside another device, then		
	the outside of the device into which the module is		
	installed must also display a label referring to		
	the enclosed module. This exterior label can use		
	wording such as the following: "Contains		
	Transmitter Module		
	FCC ID: XYZMODEL1" or "Contains FCC ID: XYZMODEL1." Any similar wording		
	that expresses the same meaning may be used.		
	The Grantee may either provide such a label, an		
	example of which must be included in the		
	application for equipment		
	authorization, or, must provide adequate		
	instructions along with the module which explain		rardi (p) (h (p) h (p) (h)
	this requirement. In the latter case, a copy of these instructions must be included in the		
	application for equipment authorization.		
	(B) If the modular transmitter uses an electronic		
	display of the FCC identification number, the		
	information must be readily accessible and		
	visible on the modular transmitter or on the		e, processor de contrata de la contrata del contrata del contrata de la contrata del contrata de la contrata del contrata de la contrata del contrata de la contrata del c
	device in which it is installed. If the module is installed inside another device, then the outside		
	of the device into which the module is installed		
	must display a label referring to the enclosed		
	module. This exterior label can use wording such		(annual remains and distant state book (financial and annual state of the state of
	as the following:		American State of State
	"Contains FCC certified transmitter module(s)."		
	Any similar wording that expresses the same meaning may be used. The user manual must		
	include instructions on how to access the		darmy det de verde de
	electronic display. A copy of these instructions		
	must be included in the application for		
	equipment authorization.		Andrew College
7	The modular transmitter must comply	The required FCC rule has been fulfilled	Y
	with any specific rules or operating	and all the instructions for maintaining	
	requirements that	compliance have been clearly stated in	
	ordinarily apply to a complete	the User Manual.	
	transmitter and the manufacturer must		
	provide adequate instructions along with	ad die genaan gewone die George van Spiele op de die die die gewone die die gewone die gewone die gewone die d Program die gewone die	
	the module to explain any such		restriction of the state of the
ļ	requirements. A copy of these		
	instructions must be included in the		
	application for equipment authorization.		

8	The modular transmitter must comply	Please refer exhibition RF Exposure for Y
	with any applicable RF exposure	the compliance of MPE RF exposure
	requirements in its final configuration.	rule;
