Federal Communications Commission  
45 L Street NE  
Washington, DC 20554

FCC ID : YR7SKR3000P8  
Applicant : KONICA MINOLTA, Inc.

To whom it may concern:

We, KONICA MINOLTA, Inc., hereby declare, for FCC ID: YR7SKR3000P8, this device contains Wireless LAN SDIO Module (Model: SX-SDMAN2), and it is installed in SKR 3000 (P-82 and P-85). The partial tests are performed on the module, and the results are available in the following test reports.

Test Report No.: 13568152S-K

Test Report No.: 13568152S-L

Test Report No.: 13568152S-M

Note: No report revision number is stated.

The test reports above are the test results for the antenna terminal conducted test.

In the above test reports, the testing is performed with similar host devices, however the specifications and conditions including the power setting of the module are not changed when the module is installed in the applying device, SKR 3000 (P-82 and P-85). There is no degradation on radio characteristics when the module is installed inside of the applying device. The radiated test and SAR test are performed with the applying device.

Sincerely Yours,

---
