Application for Class II permissive Change FCC ID: YSGKA961

Dear Madam and Sir,

LCIE on behalf of SORIN CRM herein is submitting a Class II permissive change for Smartview Monitor KA961, already certified the 12/21/2011.

Hereafter the list of the modification:

- Shielding the digital circuit portion of the board to reduce RF internal noise,
- Changing the antenna model and position of GPRS for issue in US band and performance.

It only presents updates linked to a RF. It does not present updates of mechanical, digital electronic and software.

In support of the Class II change, tests reports for radiated emission are being submitted with application, internal and test setup photos.

Sincerely,

Philippe SISSOKO
