VVE-VVIR

IMPLANTABLE CARDIOVERTER DEFIBRILLATOR
 Ventricular antitachycardia pacing
 Single chamber arrhythmia detection
 VVIR antibradycardia pacing

DF-4 LLHH

DÉFIBRILLATEUR CARADIOVERTEUR IMPLANTABLE
 Stimulation antitachycardique ventriculaire
 Détection simple chambre des arythmies
 Stimulation antibradycardique VVIR

DEFIBRILLATORE CARADIOVERTER IMPIANTABILE
 Stimolazione antitachicardica ventricolare
 Detezione monocamerale delle aritmie
 Stimolazione antibradicardica VVIR

IMPLANTIERBARER KARDIOVERTER-DEFIBRILLATOR
 Ventrikuläre antitachykardie Stimulation
 Einkammer-Arrhythmie-Erkennung
 Antibradykarde VVIR-Stimulation

DESFIBRILADOR CARADIOVERTSOR IMPLANTABLE
 Estimulación antitaquicárdica ventricular
 Detección monocameral de las arritmias
 Estimulación antibradicárdica VVIR

As-shipped parameters / Paramètres à l'expédition / Parameter bei Auslieferung / Valori da spedizione / Parámetros expedición (37°C, 500 Ω) :			
Mode		Rate response	
Mode		Asservissement	
Modus	VVI	Frequenzadaptation	OFF
Modo		Frequenza variabile	
Modo		Adaptación de frecuencia	
Basic rate		Shocks and ATP	
Fréquence de base		Chocs et ATP	
Basisfrequenz	60 min⁻¹	Schocks und ATP	OFF
Frequenza di base		Shock e ATP	
Frecuencia basal		Choques y ATP	

Contents : Defibrillator, screwdriver and product literature (CD-ROM)
 Contenu : Défibrillateur, tournevis et documentation (CD-ROM)
 Inhalt : Defibrillator, Schraubendreher und Produktdokumentation (CD-ROM)
 Contenuto : Defibrillatore, cacciavite e documentazione (CD-ROM)
 Contenido : Desfibrilador, destornillador y documentación (CD-ROM)

Handle with care / Manipuler avec précautions / Vorsichtig behandeln / Manipolare con cura / Manipular con precaución

Sterilized using ethylene oxide

High voltage

Temperature limitation

Consult instructions for use

FCC ID YSGVR124

IC: 10270A-VR124

Manufactured in Italy by:
 Sorin Group Italia S.r.l.
 Via Crescentino s.n.
 13040 Saluggia (VC) - ITALY
