## Confidentiality Request Letter

To: Underwriters Laboratories Inc.

From: Hologic Inc  
36 Apple Ridge Road  
Danbury, Ct 06810

Date: November 9, 2010

Subject: FCC ID: **YUJ-PCB00116** request to have certain FCC exhibits held confidential

Dear Sir or Madam:

We request that the FCC certification exhibits noted below be held as confidential pursuant to 47 CFR Part 0.479. The information noted with an "X" under "Request Confidentiality" is considered to be a trade secret. This information is not available from any other public source:

Exhibit	Request Confidentiality	Not Confidential	Why the information is considered confidential
Schematic	X		Not readily available to the public
Block Diagrams	X		Not readily available to the public
Operational Description	X		Not readily available to the public
Tune-up procedures			
Internal Photographs <sup>1</sup>			

Note: <sup>1</sup>Internal photographs may be held as confidential only if the device is sealed and would be destroyed upon disassembly or if the device was installed in a location such that it is accessible only by a licensee or designated service technicians.

<sup>2</sup>User Manual may be held confidential if highly technical and not generally provided to the public.

<sup>3</sup>Certain software-defined radio and scanning receiver exhibits may be considered confidential without supporting documentation.

The following exhibits are not to be held as confidential.

Test Reports, RF Exposure Reports, External Photographs, FCC ID Labels  
Attestation Statements, Cover Letters, Test Setup Photos

Regards,

Applicant Signature: \_\_\_\_\_
