Date:	July 5, 2012
Form 731 Confirmation Number	TC496407
Correspondence Reference Number:	126816

Comments	BVCPS Lab.
DTS grant is missing SAR listing and RF exposure compliance messages. Please revise grant.	<p>According to KDB 648474 D01, the standalone SAR for 802.11b, 802.11g and 802.11n is not required because the maximum output power of WLAN is less than <math>2P_{REF}</math> and the distance to other antenna is 9.8cm (&gt; 5cm).</p> <p>On page 4/113 of Test reports (SAR), please see Note 2. state SAR testing for WLAN (2.4G, 5G Band 2/3/4) is not required.</p>
