# Laboratory Introduction

SIEMIC, headquartered in the heart of Silicon Valley, with superior facilities in US and Asia, is one of the leading independent testing and certification facilities providing customers with one-stop shop services for Compliance Testing and Global Certifications.

In addition to testing and certification, SIEMIC provides initial design reviews and compliance management throughout a project. Our extensive experience with China, Asia Pacific, North America, European, and International compliance requirements, assures the fastest, most cost effective way to attain regulatory compliance for the global markets.

# 2 Executive Summary

The purpose of this test program was to demonstrate compliance of following product

Company:	Pass & Seymour, Inc. d/b/a Legrand
Product:	802.11 b/g/n Wi-Fi Module and Top Dog Modular RF Transmitter
Model:	CU-282 and 203015

against the current Stipulated Standards. The specified model product stated above has demonstrated compliance with the Stipulated Standard listed on 1<sup>st</sup> page.
