Re: FCC ID: YWZ-HBCLK

To Whom It May Concern:

The following application is submitted on behalf of our client, Alpha - High Theft Solutions, for evaluation of their model HB CableLok for certification under FCC Part 15.247.

The HB CableLok provides article surveillance for retail environments. It attaches to the product by looping the cable through a fixed opening on the product and securing each end of the cable with a spring at each end of the cable.

The HB CableLok was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Sam Wismer'. The 'R' is a large, stylized initial, and 'Sam Wismer' is written in a cursive script below it.
