Mr. Philip Pittaway
SRT Marine Systems
Wireless House
Westfield Industrial Estate
Midsomer Norton
Bath
BA3 4BS
United Kingdom

Dear Mr. Pittaway:

Our office has reviewed your request for U.S. Coast Guard Certificates of Approval for SRT Marine Technology's Artemis and Neon II+ Class B Automatic Identification Systems. Additionally, we have reviewed the em-trak Marine Electronics B330 and B400 as private labels based on the SRT systems. The following approval numbers have been assigned:

SRT Artemis	165.156/24/0	Expires:	November 21, 2021
em-trak B400	165.156/A24/0	Expires:	November 21, 2021
SRT Neon II+	165.156/25/0	Expires:	February 17, 2017
em-trak B330	165.156/A25/0	Expires:	February 17, 2017

Each approval remains valid until its expiration date unless our office suspends, withdraws, or terminates it. You may apply for extension of this certification by writing to our office before it expires. If the equipment is no longer produced our office continues to consider it certified based on the date of manufacture, the vessel installation date, and the valid certification for that time period. You cannot transfer this certification to another manufacturer without written authorization from our office. You must notify our office in writing when you make any change in the design or construction of the device or when you cease manufacturing the device.

Sincerely,

A handwritten signature in blue ink that reads "Todd M. Howard".

T. M. HOWARD
Commander, U.S. Coast Guard
Office of Design and Engineering Standards
Chief, Systems Engineering Division
By direction
