New FCC ID request for Em-Trak B500 Class B AIS Transceiver /Splitter

I hereby request a new FCC ID, YYG-4280022, for the B500 based on the Iris SO 428-0002, FCC ID UYW-4280002. The FCC grant for the base product Iris SO 428-0002 with FCC ID UYW – 4280002 was granted on 27/04/2018.

Em-Trak B500 is Class B AIS Transceiver/ Splitter which is same as SRT Marine Iris AIS Class B SO.

The Em-Trak B500 (428-0022) differs from Iris SO (428-0002) only in branding, it's features, functionality and performance are the same. The branding extends to the front panel label and the covers on the product manual, nothing else is different. Therefore, all the test results and reports provided with the original application for the Iris SO (428-0002) apply equally to the Em-Trak B500 (428-0022).

This letter is permission from SRT Marine Systems plc ltd for an application to be made for the Em-Trak B500 (428-0022) based on the grant for the Iris SO (428-0002), and using the reports provided as part of that original application.

Yours sincerely,

A handwritten signature in dark ink, appearing to read 'Abdul Mohammed', with a horizontal line drawn underneath.

Abdul Mohammed
