Genoa City, WI 53128

June 21, 2011

FCC Authorization & Evaluation Division
7435 Oakland Mills Road
Columbia, Maryland 21046

Gentlemen:

Here are a few notations regarding this Class II Permissive Change request:

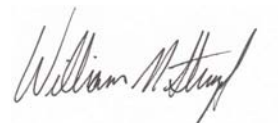

The GE Medical Systems, LLC WUSB Host Radio functions as a pc peripheral. A new label exhibit is provided to show the addition of the FCC logo, trade name & model number.

Please acknowledge the new/additional confidentiality request for the Theory of Operation and remove the exhibit from public view. Thank you.

A revised example of a host device users' manual is provided to show inclusion of the Part 15.517 statement (on page 18).

Thank you.

Sincerely,

A handwritten signature in black ink that reads "William M. Stumpf". The signature is written in a cursive style with a large initial 'W'.

William M. Stumpf
OATS Manager
