

## Venice 8 FCC ID Label Specification

*Author: W. Dewan*

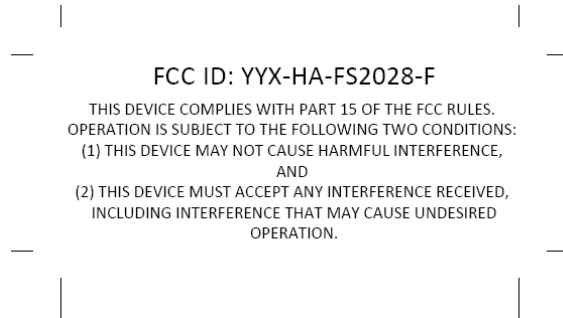

*Version: 0.1 (6<sup>th</sup> December 2010)*

*Version: 0.2 (7<sup>th</sup> December 2010) Modified by Ken Hattersley*

*Version: 0.3 (7<sup>th</sup> December 2010) Updated Version Number by W. Dewan*

### 1) FCC ID label content

Refer to Figure 1.

**Figure 1**

### 2) FCC ID Label Size

Height = 15mm

Length = 35mm

Dimension tolerance +/- 1mm

### 4) FCC ID Label Position

After testing the FCC ID Label is to be attached on top of the screening can lid. See details below.

Note: the screening can lid must be clean with a non greasy surface.

**Figure 2 Venice8**

## Venice 8 FCC ID Label Specification

### **5) Material**

- 1) RoHS Compliant - RoHS Declaration must be supplied to Frontier by CEM
- 2) The “glue” used should be environmentally friendly and hence be “water based” eg CO RICH ADH Limited F5095 ([www.co-richadh.com](http://www.co-richadh.com))
- 3) A mylar (or similar) material is requested – resistant to solvents and wear.

### **6) Uses**

- 1) The FCC ID Label must be fitted on all Venice 8 modules sold to manufacturers of end products for sale in USA.
