 - 12) Do not let your children use it until they know how to use it;

Second: This power strip is an ideal product for use wherever needed at your home, office and hotel.

- A) For Use with Various Electric and Electronic Appliances, Devices and Equipment such as Computers, Audio/Video, Lighting, Power Tools, Instruments and soon.
- B) Two USB ports (USB-A) can charge smartphones, tablets, and other USB interface devices;
- C) The wireless charging area on the top of the product can charge the phone with wireless charging function;

D) Diagram for using and installing:

1:MOBILE PHONE; 2. ACC PS2 QU2 01; 3. SCREW; 4. BOARD; 5;SCREW NUT

1:MOBILE PHONE; 2. ACC PS2 QU2 02; 3. BOARD; 4;SCREW NUT

Third: Product parameter:

Product Name	Power Strip	
Model	ACC PS2 QU2 01	ACC PS2 QU2 02
Dimension(L*W*H)	114.3*114.3*63.2mm	113.2*83.9*48.3mm
Input Parameter	120VAC 50/60Hz	
Single AC Outlet Output Parameter	120VAC 15A (Max)	
USB Port Output Parameter	Single USB-A Port	5VDC 2A (Max)
	Double USB-A Port	5VDC 2A (Max)
Wireless charging Parameter	Charging Power	5W (Max)
	Operating Frequency	110.5-205KHz
Note: if USB and wireless charging working at the same time, the max output power is 10W		
Cable Spec	14AWG*3C	

FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

FCC Radiation Exposure Statement

This equipment complied with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
