antenna 0

The photograph shows three antenna components, each labeled 'ANTENNA-001', arranged horizontally on a blue textured surface. A black ruler with white markings is positioned vertically on the left side of the image, with the text 'BOSI BS181360' visible. Each antenna component consists of a small black rectangular base with a white label that reads 'ANTENNA-001'. A thin, flexible antenna wire extends from each base. The wires for the first two components are connected to a common point, while the wire for the third component is separate. Red lines are drawn on the image to highlight the antenna components and their connections.
