regulatory statements

product name: ortho remote
model: TE008
assembled in malaysia

FCC警語
Federal Communications Commission (FCC) Statement

15.21

you are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

15.105(b)

this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. these limits are designed to provide reasonable protection against harmful interference in a residential installation. this equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. however, there is no guarantee that interference will not occur in a particular installation.

if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
reorient or relocate the receiving antenna.
increase the separation between the equipment and receiver.

connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
consult the dealer or an experienced radio/tv technician for help.

this device complies with part 15 of the FCC rules. operation is subject to the following two conditions:
1) this device may not cause harmful interference and
2) this device must accept any interference received, including interference that may cause undesired operation of the device.

this device complies with industry canada licence-exempt RSS standard(s).

operation is subject to the following two conditions:
(1) this device may not cause interference, and
(2) this device must accept any interference, including interference that may cause undesired operation of the device.

le présent appareil est conforme aux CNR d'Industrie canada applicables aux appareils radio exempts de licence. l'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil ne doit pas produire de brouillage, et
(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

FCC RF Radiation Exposure Statement

this equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. end users must follow the specific operating instructions for satisfying RF exposure compliance. this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

note:
maximum operating temperature is 50 celsius degrees
this product includes batteries
battery model: panasonic R03 AAA carbon-zink

caution:
replacing the batteries with an incorrect type may cause an explosion.
disposing a battery into a fire or a hot oven, mechanically crushing or cutting the battery, may result in an explosion.
leaving a battery in an extremely high temperature environment may result in an explosion or the leakage of flammable liquid or gas.
subjecting a battery to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas.
