

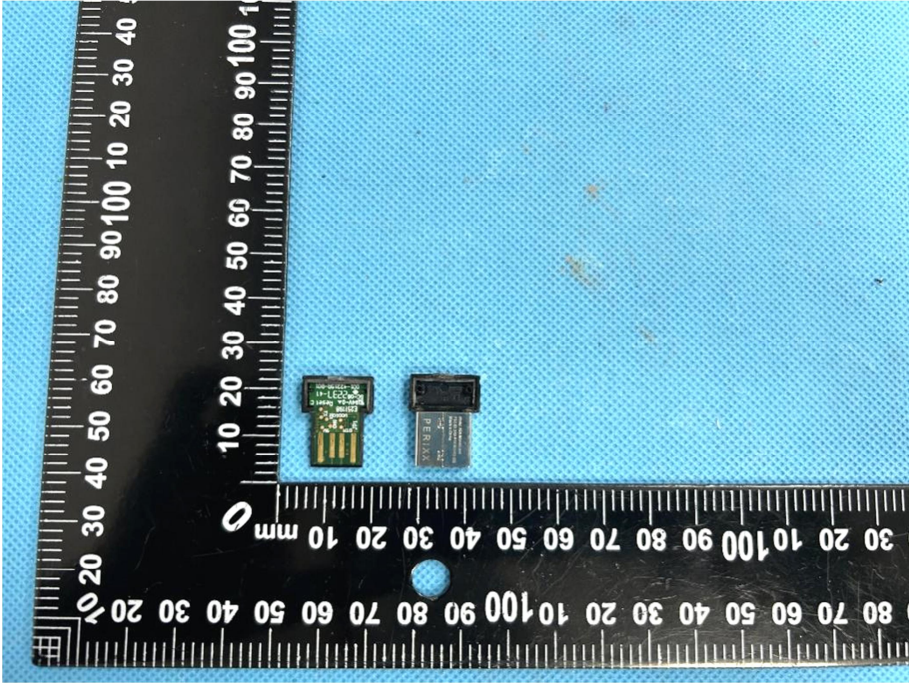

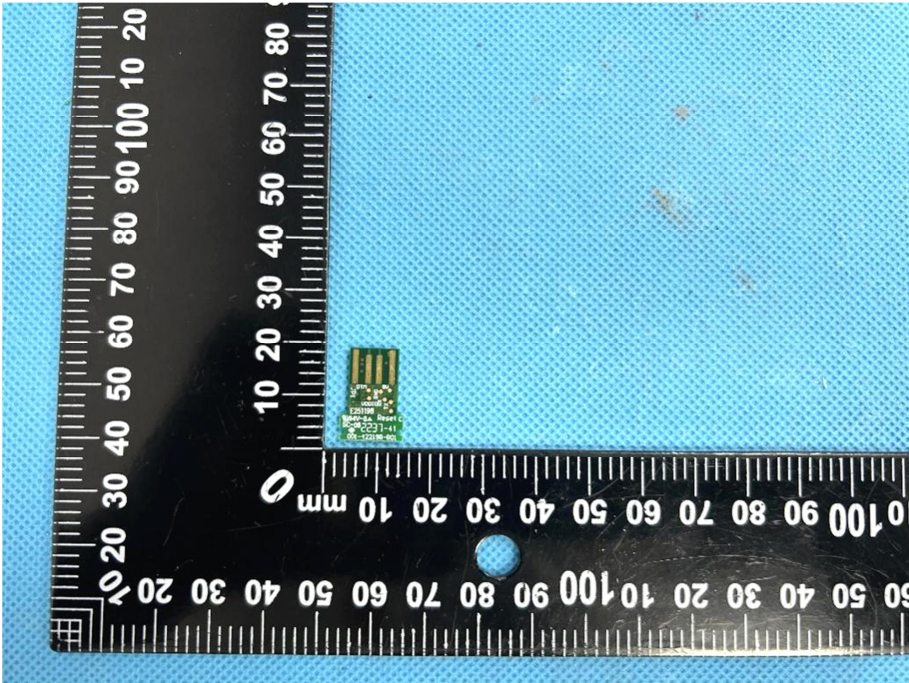

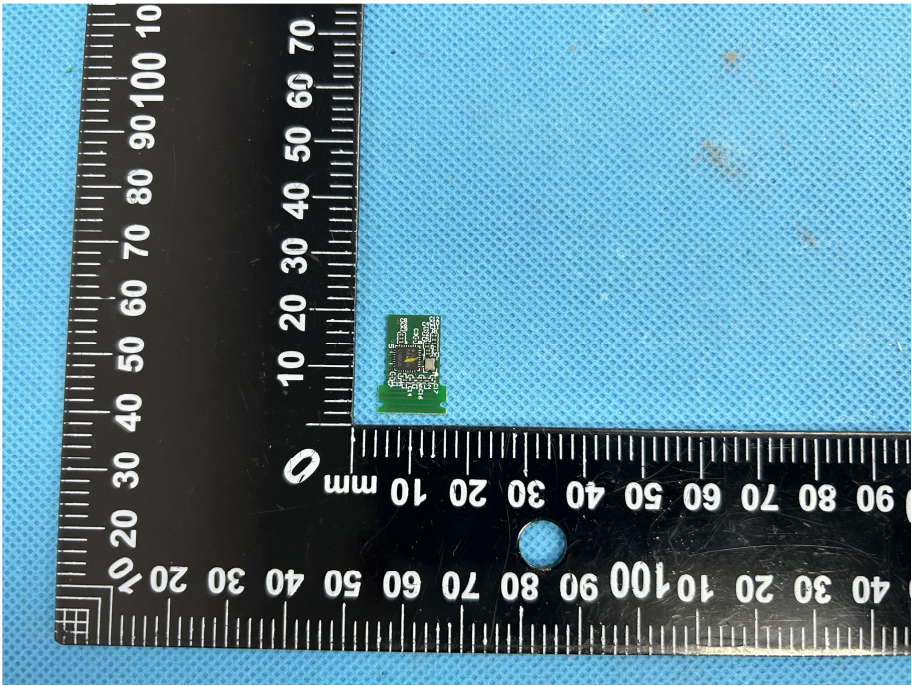

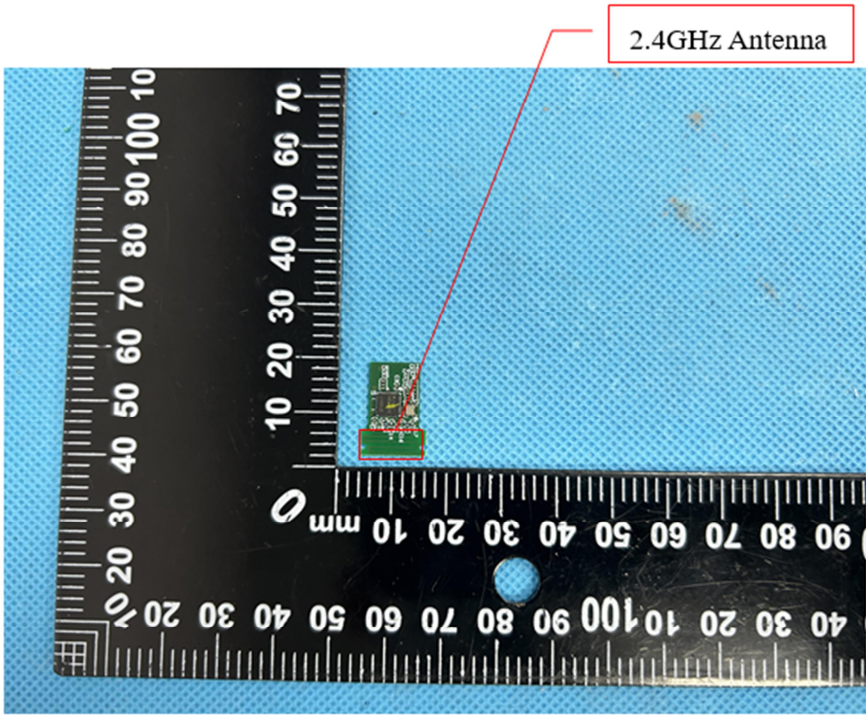

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 A photograph showing two electronic components on a blue textured surface. A black L-shaped ruler is placed for scale. The vertical ruler on the left is marked from 0 to 100 mm. The horizontal ruler at the bottom is marked from 0 to 100 mm. One component is a small green PCB with gold pins, and the other is a black rectangular component. A small blue circular mark is visible on the ruler at approximately 80 mm.
<p>Solder Board-Component View 1</p>	 A close-up photograph of a small green PCB component soldered to a board. The component is positioned on a blue textured surface. A black L-shaped ruler is placed for scale. The vertical ruler on the left is marked from 0 to 100 mm. The horizontal ruler at the bottom is marked from 0 to 100 mm. A small blue circular mark is visible on the ruler at approximately 80 mm.

<p>Solder Board-Component View 2</p>	 <p>A photograph showing a small green PCB component mounted on a blue textured surface. A black L-shaped ruler is placed next to the component for scale. The ruler has markings in millimeters, with the vertical scale on the left and the horizontal scale on the bottom. The component is located approximately at the 15mm mark on the vertical scale and the 15mm mark on the horizontal scale.</p>
<p>Antenna View</p>	 <p>A photograph showing the same green PCB component as in the previous view. A red line points from a red-bordered box labeled "2.4GHz Antenna" to a specific area on the component. The ruler and background are the same as in the previous view.</p>
