

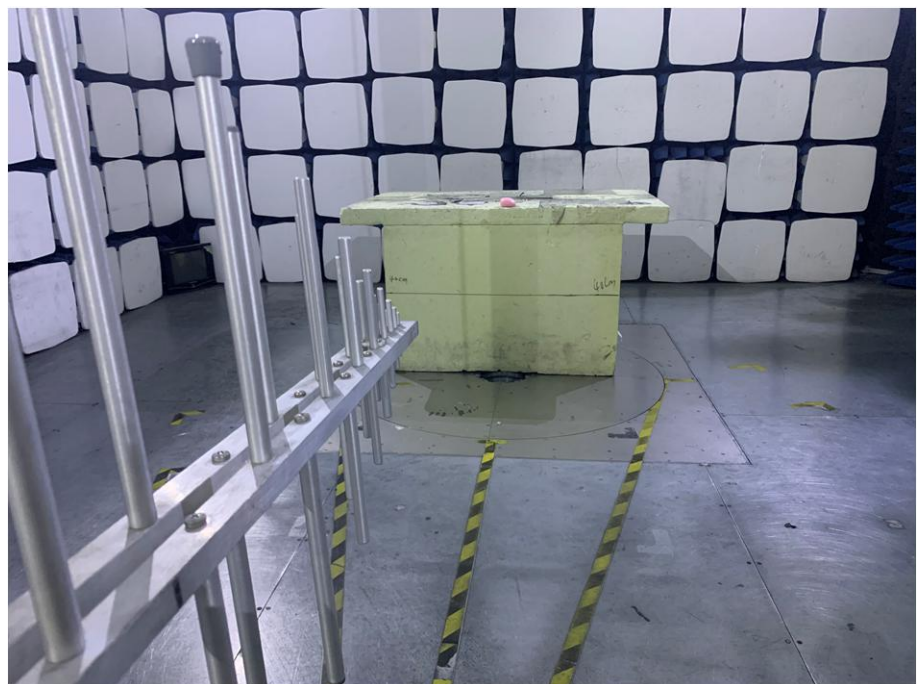

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

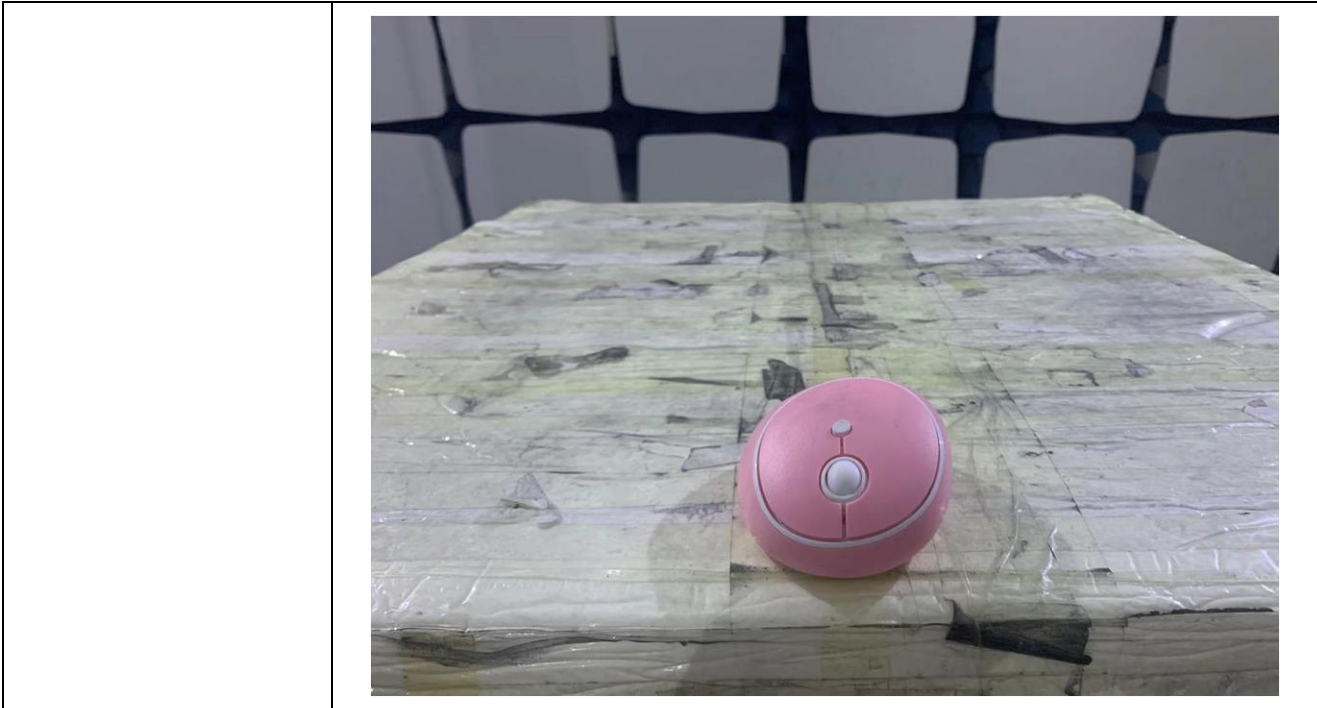

Radiation Emission Test Setup (Below 30MHz)

Radiation Emission Test Setup (30MHz to 1GHz)

<p>Radiation Emission Test Setup (1GHz to 18GHz)</p>	<p>A photograph of a radiation emission test chamber. The walls are covered in white, square-shaped pyramidal absorbers. The floor is covered in blue, conical absorbers. A yellow wooden crate sits in the center, with a white, rectangular object on top. To the right, a red antenna is visible, mounted on a metal structure.</p>
<p>Radiation Emission Test Setup (Above 18GHz)</p>	<p>A photograph of a radiation emission test chamber, similar to the one above. The walls are covered in white, square-shaped pyramidal absorbers. The floor is covered in blue, conical absorbers. A yellow wooden crate sits in the center, with a white, rectangular object on top. To the right, a blue antenna is visible, mounted on a metal structure.</p>
