

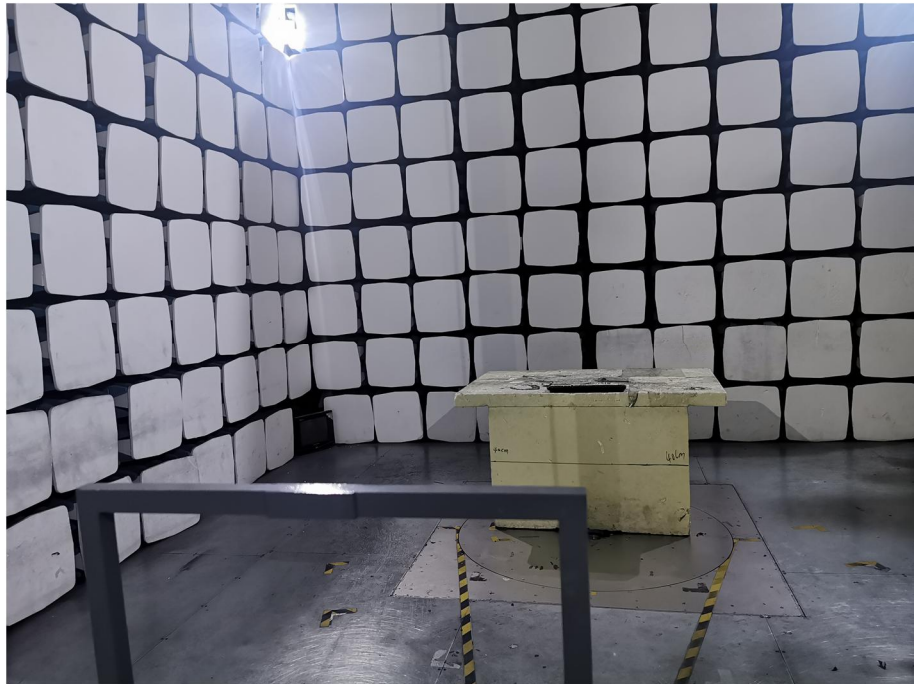

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Radiation Emission Test Setup (Below 30MHz)

Radiation Emission Test Setup (30MHz to 1GHz)

<p>Radiation Emission Test Setup (1GHz to 18GHz)</p>	<p>A photograph of a radiation emission test chamber. A white, rectangular test object is placed on a yellow wooden table in the center. The chamber walls are covered with white, square-shaped pyramidal absorbers. The floor is covered with blue, conical absorbers. A red antenna is visible on the right side of the chamber.</p>
<p>Radiation Emission Test Setup (Above 18GHz)</p>	<p>A photograph of a radiation emission test chamber, similar to the one above. A white, rectangular test object is placed on a yellow wooden table in the center. The chamber walls are covered with white, square-shaped pyramidal absorbers. The floor is covered with blue, conical absorbers. A blue cable is visible on the right side of the chamber.</p>
