Those documents contain detailed system and equipment description and related information about the product which Compupal (Group) Corporation considers to be confidential proprietary, a custom design and, otherwise, not releasable to the general public. Since this design is a basis form which future technological products will evolve, Compupal (Group) Corporation considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Yours Sincerely,

Peter Pan
