## radio controlled action vehicle turbo drifter

### BATTERY INSTALLATION

The vehicle is "RR" (RR licensed) excluded. This controller requires one (1) battery (not included). When changing batteries, adult supervision is required. Use alkaline batteries for best performance.

- Carefully remove items from the package.
- Locate the battery door on the bottom of the car using a Philips screwdriver. Remove the cover.
- Pull the lock on the door (left or right side) up to open the battery compartment. Insert 4 "AA" batteries while observing the correct polarity (Fig. 1).
- Replace the battery compartment door.
- Remove pressure at the base of the vehicle control to open battery door.
- Insert one (1) battery while observing the correct polarity (Fig. 2).
- Replace the battery compartment door.
- Switch both the car and controller power switches to the "ON" position.

### SAFETY PRECAUTIONS

- Do not operate during thunderstorms or rain.
- Avoid water, mud and snow when operating vehicle.
- Do not charge vehicle or control in house.
- Never charge vehicle in the presence of a fire.
- Adult supervision is recommended when operating vehicle.
- Remove all batteries when not in use to avoid excessive operation.
- Never operate vehicle in a confined or crowded pool, and do not use pools or streams as tracks.
- Do not run vehicle into barriers, objects or hard surfaces, as this will cause damage to both the car and the vehicle.
- Keep fingers, feet and loose clothing away from the front, rear and motor while the vehicle is switched to "ON".
- Do not leave vehicle or controller near sources of heat or under direct sunlight for extended periods.
- Do not wear vehicle or controller inside aircraft. Operates in parks & motor companies.

### ACTION REMOTE

The remote control is used to operate the vehicle. It is powered by one (1) battery (not included). The remote control is designed to be used in conjunction with the vehicle. The remote control is designed to be used in conjunction with the vehicle. The remote control is designed to be used in conjunction with the vehicle.
