BATTERY INSTALLATION

The vehicle requires two 1.5V AAA batteries. The controller requires one 1.5V AAA battery. Both require standard batteries, and replacement is required in the event of failure.

Fig. 1 - BATTERY

• Carefully remove the top cover.
 • Insert the battery into the battery compartment.
 • Press the battery cover down until it clicks. Do not use the wrong type of battery.
 • Check the polarity (+ and -) of the battery.
 • Close the battery compartment cover.

SAFETY PRECAUTIONS

• Do not allow the vehicle to be used in an unsafe manner.
 • Do not use the vehicle in areas where it may cause damage or injury.
 • Do not use the vehicle in areas where it may cause damage or injury.
