

## Cambium Networks

July 17th, 2012

Product Name: PMP 450 AP/SM/BH

Product Description: Outdoor Point-to-multipoint Transceiver system

Attestation regarding Z8H89FT0002:

The PMP450 system consists of the following device types: Access Point /Subscriber Module / Back Haul (Master and Slave). PMP450 radios are Fixed outdoor software defined radio configurable for channel band width, R.F. channel center Frequency, and Modulation.

We Cambium Networks, hereby state the PMP450 system which is a software defined radio currently operates only in the US frequency band 5725MHz to 5850MHz.

Before operating on any other US frequency band we acknowledge we must apply for, demonstrate compliance and wait for a grant of Authorization from the FCC as defined by a class III permissive change.

Sincerely,

Steven M. Payne  
R.F. Principle Staff Engineer
