

Cambium Networks

October, 2015

To whom it may concern,

Cambium Networks is requesting Elite Engineering (TCB), file an original equipment authorization with the FCC regarding FCC ID: Z8H89FT0022. This is a fixed outdoor transceiver operating between 902MHz to 928MHz, DTS band. The radio has been tested with a 12dBi Yagi, dual polarized antenna or additionally a 13dBi dual polarized sector antenna.

Sincerely,

Steven M. Payne
R.F. Principle Staff Engineer
