Page 3 Important safety instructions

WARNING: To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture.

1. Keep these instructions.
2. Follow all instructions.
3. Do not use this apparatus under water.
4. Clean only with dry cloth.
5. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
6. Only use attachments/accessories specified by the manufacturer.
7. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Note: There is a built-in rechargeable lithium-ion battery in the speaker. Danger of explosion if disassemble the speaker. The speaker shall not be placed close to excessive heat such as fire or the like.

FCC Caution:

"Changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment."

FCC statement:

"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation."

Page 4 Important safety instructions

"This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help."

IC statement:

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This Class **【B】** digital apparatus complies with Canadian ICES-003.

Cet appareil s'accorde avec Industrie Canada licence-exempte RSS standard.

- (1) cet appareil ne peut pas causer l'intervention, et
 - (2) cet appareil doit accepter de l'intervention, y compris l'intervention qui peut causer l'opération non désirée de.
- Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

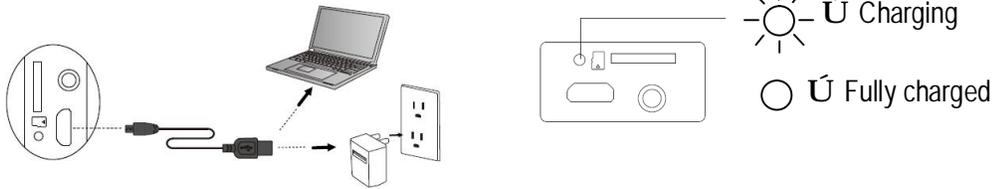

Correct Disposal of this product. This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

Page 5 Charge and Power on Extreme Connect

Charge Instructions

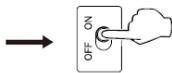

Charging

- ☰ Using the USB-Micro USB cable, connect the speaker to a USB power source on a computer or USB AC adapter.
- ☰ Please fully charge the speaker before the first time use (about 6 hours).

Note:

To ensure a full charge and for optimal audio playback, please fully charge the EDIFIER Extreme Connect once a month.

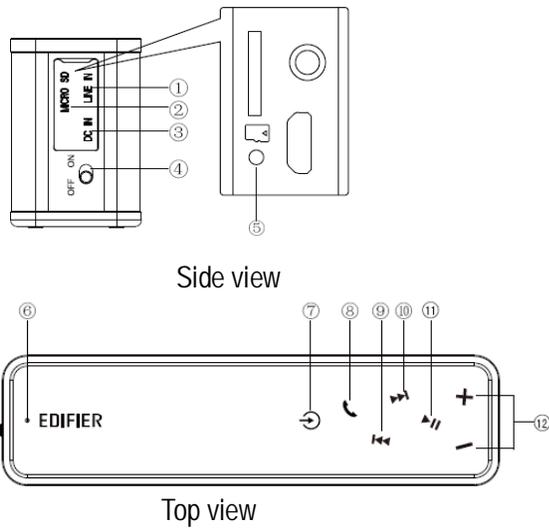

☰ Slide the power switch from OFF to ON, the Power/Input LED light is now on.

Note: 1. An indicator tone will sound when the volume has reached its maximum output level.

2. You will also hear an indicator tone when the speaker is turned on, connected or disconnected from a Bluetooth device, and when the battery voltage is low.

- ∪ Connect the 3.5mm-3.5mm Audio cable to the "LINE IN" port.
- ∪ Play the connected device and adjust the volume to a desired level.

Page 11 Technical information

- Power output: RMS 2W × 2 (THD+N=10%, f₀=1KHz)
- Signal to noise ratio: ≥85 dBA
- Frequency response: 190Hz~18KHz (@±/-6db)
- Input sensitivity: 500mV ± 50mV (THD+N=1%)
- Adjustment: Buttons on the top of speaker
- Input type: Bluetooth/Micro SD/USB audio/AUX (3.5mm stereo)

Micro SD card specification:

- MAX capacity: 32GB
- Disk Format: FAT32

Folder depth:	7 classes
File format:	MP3/WMA
Bluetooth Specification:	
Version:	V2.1+ EDR
Supposed profiles:	A2DP, AVRCP
Max transmit range:	10M or 30FT
Speaker Specification:	
Active drivers:	2 × 1¾ inch (48mm), magnetically shielded, 4ohm
Passive driver:	50mm × 90mm
Product Dimension:	159.4(W) × 61(H) × 42(D) mm
Net Weight:	Approx. 0.42kg
Gross Weight:	Approx. 0.56kg

Page 12 Troubleshooting

- Ensure the EDIFIER Extreme Connect is fully charged.
- Switch the EDIFIER Extreme Connect off then on and reconnect to the audio source.
- Ensure the audio format of the music in your Micro SD card is MP3 or WMA.
- Ensure Bluetooth function is enabled compatible on your Bluetooth devices.
- Move the devices closer and retry the connection.
- When connect via Bluetooth®, it's best to turn the volume fully up on both your device and the speaker.
- Try another Bluetooth device for connection.
- If pairing with a laptop or a computer, please select the EDIFIER Extreme Connect as the audio output device.
- When connected via 3.5mm stereo input, your phone/device may distort the audio signal if turned up too loud. Turn down the volume on your phone/device before adjusting the volume on EDIFIER Extreme Connect.
