Re: FCC ID: Z9O-FAS1509

To Whom It May Concern:

The following application is submitted on behalf of our client, UltraClenz LLC, for evaluation of their model FAS1509-02 for certification under FCC Part 15.249.

The FCC ID: Z9O-FAS1509 is a badge to be used in the healthcare industry as part of the UltraClenz's patient safeguard system. The badge includes a radio transceiver which transmits at 2405 MHz. The FCC ID: Z9O-FAS1509 includes multiple model variants which differ only by the color of their enclosure. The model variants are identified as FAS1509-00, FAS1509-01, FAS1509-02, FAS1509-03, and FAS1509-04.

The radiated emissions measurements were performed with the product set in three orthogonal orientations. The FCC ID: Z9O-FAS1509 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'. The signature is written in a cursive, flowing style.
