Re: FCC ID: Z9O-FAS1526

To Whom It May Concern:

The following application is submitted on behalf of our client, UltraClenz LLC, for evaluation of their model FAS1526-00 for certification under FCC Parts 15.209 and 15.249.

The FCC ID: Z9O-FAS1526, Ultraclenz Badge Configuration POD, model FAS1526-00, is a USB powered device for the configuration of the Ultraclenz patient safeguard system (PSS) badges. The product connects to a PC via USB and includes a 125 kHz and a 2405 MHz transceiver. The 125 kHz and 2405 MHz radios do not transmit simultaneously and therefore, no co-location evaluation was performed.

The FCC ID: Z9O-FAS1526 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Sam Wismer'.
