Re: FCC ID: Z9O-FAS1527

To Whom It May Concern:

The following application is submitted on behalf of our client, UltraClenz LLC, for evaluation of their model FAS1527-00 for certification under FCC Part 15.249.

The FCC ID: Z9O-FAS1527 is a badge to be used in the healthcare industry as part of the UltraClenz' patient safeguard system. The badge includes a radio transceiver which transmits at 2405 MHz. The FCC ID: Z9O-FAS1527 includes multiple model variants which differ only by the color of their enclosure. The model variants are identified as FAS1527-00, FAS1527-01, and FAS1527-02.

The radiated emissions measurements were performed on one representative model which was set in three orthogonal orientations. The FCC ID: Z9O-FAS1527 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink, appearing to read 'R. Sam Wismer'.
