Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

- 6 -

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.
FCC RF Radiation Exposure Statement Caution: To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.

OVERVIEW:
Thank you for purchasing this product! Omars dogo is a smart speaker. Through the application of up-to-date technologies, it creates an experience of brand new music listening and more.

IMPORTANT:
Before using this product, please carefully read this manual:
Check the speaker's power. A full charging is recommended before use (Until the charging indicator goes green).

Search for "Omars dogo" on App Store or Google Play from your smartphone, download and install it.
The product is equipped with a built-in battery. Do not put it directly into fire, or it may cause explosion or other dangers.

The product may radiate heat due to long-time use or exposure to direct sunlight. This is normal.

Do not use the device under any environment with temperature lower than 0°C (32°F) or higher than 40°C (104°F).

- 2 -

Do not use the speaker in humid place, for the humidity may damage important parts of the device.
Do not put the speaker directly into water.

QUICK START GUIDE:

(1). Power-on/off
Press and hold the Power button for about 3 seconds and release. The speaker will notify you with a sound when it's ready.
Important:
If power-on fails, charge the device first and then try again.

(2). Charging
Use data cable included in the product pack for charging the device. During charging, the indicator displays in constant red light; when it is fully charged, the indicator will turn green.
Important:
During the usage, if the level of the battery drops and needs to be connected to a charger, the red light above the micro-USB plug will start flashing to notify you.

(3). Connecting to the app

- 3 -

Step 1:
